

Art with sense

Welcome

Receive the participants at the museum entrance and then proceed to the introduction in a quiet corner.

Target group

People living with dementia and their accompanying family members and cohabitants.

Supervisors

The activity is carried out with the support of the family, the Museum professionals and the Foundation.

Objective

To provide a satisfactory and safe experience in a cultural space such as the Museum, guaranteeing the right of people with dementia to participate in cultural and community spaces and activities in an active way and in a manner adapted to their needs.

Group size

Ideal group: fifteen participants between people with dementia and their companions, about seven couples.

Duration

Between 2 and 2 and a half hours.

Materials

Hand chairs to be able to sit in front of the works of the Museum and a device that can play the selected musical themes.

Facilities

- The halls of the Museum
- Hand chairs available so that we can stand and sit comfortably in front of the works
- Juices and soft drinks

Goodbye

Share the experience, make a closing reminding of the most significant of what happened and say goodbye.

Tips

- Approach the activity as a game.
- Search for relationships between works in the Museum and choose musical themes, locate the videos or songs and prepare them on the tablet, spotify list, or download them on a card for the pico projector.
